BRUNO WILLIAN GARCIA
Web and mobile developer

I am a junior/mid-level developer with expertise in React.js, Next.js, React Native, Expo, and TypeScript, as well as advanced skills in UX/UI design using Figma, Photoshop, and Illustrator. I am currently seeking a position in the development and UX/UI design field where I can apply my skills and knowledge to contribute to the success of the company. Although I am a beginner in English, I am determined to improve my language skills as I recognize the importance of effective communication in the workplace.
